**While a Number Were Ser-

Fled Into Difficult Moun-

Himself—Attack Was a  
Complete Surprise—No  
American Casualties.**

(Associated Press Telegram)  
Field Headquarters, near Nami-  
quipa, by Wireless to Columbus, N.  
M., May 6.—A full squadron of two  
hundred and thirty men of the Eleventh  
cavalry surprised and routed a  
much larger force of Villa bandits  
at Ojo-Azuques, 17 miles south of  
Cuahuitlan early yesterday.  
Forty-two Mexicans were killed  
and a number wounded. There were  
no American casualties.  
The American command, under  
Major Robert L. Howe, had been  
pursuing the bandits under Generals  
Cruz Dominguez and Julio Acosta,  
for several days when they encoun-  
tered them encamped in the huddled  
adobe huts of Ojo-Azuques.  
The Mexicans were completely sur-  
prised and sprang from their pallets  
half clothed. After firing a few wild  
shots they began a flight, each man  
shifting for his own safety. Some of  
them were able to seize their horses,  
already jaded from a hard day's  
ride previously, but others made  
their way into the hills afoot.  
Major Howe reported that he  
still was pursuing the scattered  
remnant of the band, which is the  
largest remaining under the Villa  
standard. This decisive victory gave  
much satisfaction to military men  
here. It is believed the band is  
the same as that defeated at Temoc-  
chic, April 22 by Colonel George A.  
Dodd's command.  
Further reports from Major Howe  
stated that General Antonio Angeles  
was killed. He was a relative of  
Felipe Angeles, the former confidant  
of Villa, who was once mentioned  
for the presidency of Mexico, and  
who is now living near El Paso.

**AMERICANS RODE  
30 MILES AT NIGHT.**  
(Associated Press Telegram)  
El Paso, May 6.—General Pershing's  
official report of the defeat of  
a band of Villa's men at Ojo-Azuques  
by Major Howe described the action  
as a cavalry charge with pistols,  
the first to occur since operations  
were begun. The Americans had  
ridden 30 miles before meeting the  
bandits.  
The pursuit of the scattered Mex-  
icans was continued for two hours.  
General Pershing reported that  
six Carranzistas, prisoners the bandits  
had been holding for execution, were  
released.

**PERSHING'S REPORT  
GOES TO WASHINGTON.**  
(Associated Press Telegram)  
Washington, May 6.—General  
Pershing's report forwarded by Gen-  
eral Funston to the war department  
today says the latest attack on the  
Villa bandits was made by his small  
force after a night march of 36  
miles. The text of General Pershing's  
report dated at San Antonio in  
Mexico, follows:  
"A band of 140 Villistas that at-  
tacked Carranza garrison yesterday  
at Ojo-Azuques remained there in  
camp last night. Leaders of band,  
Cruz Dominguez, Guilo Acosta and  
Antonio Angeles. This morning  
they were struck by Major Howe's  
troops of the Eleventh cavalry, and  
completely surprised, and forty-two  
killed actually counted. Number of  
wounded unknown, but must be  
many. Several prisoners, also 75  
ponies and mules. Our cavalry rode  
them down and killed many, using  
pistols. Fight lasted two hours,  
Mexicans being pursued as individ-  
uals into difficult mountains. Five  
Carranzistas, condemned to be shot,  
were taken and released. We have  
no casualties. Howe left here at  
8:30 last night, marched 36 miles,  
and reached Ojo-Azuques at daylight.  
Consider this a brilliant piece of  
work. Other cavalry detachments  
of this command are now operating  
in several districts."

**MEXICAN RAILWAYS  
NOW ARE BEING USED.**  
(Associated Press Telegram)  
Washington, May 6.—Officials of  
the war state departments have no  
information on the reported oppo-  
sition of General Carranza to fea-  
tures of the tentative agreement  
made by Generals Scott and Obre-  
gon. If General Carranza insists  
upon fixing a definite time for with-  
drawal of the American forces,  
army officials said the border con-  
ferences would probably go over in-  
to next week.  
The friendly attitude of the Car-  
ranza government was reflected in  
official dispatches today and it was  
announced that more supplies to  
General Pershing were moving over  
the Mexican railways.

## MESSAGE OF POPE TO PRESIDENT UPON SUBMARINE ISSUE.

(Associated Press Telegram)  
Washington, May 6.—Mon-  
signor Giovanni Bonzano, the  
apostolic delegate called at the  
White House today and deliv-  
ered a message to President  
Wilson from Pope Benedict. He  
did not see the president but  
left the communication with  
Secretary Tumulty. Later it  
was stated the message bore on  
the submarine issue between  
the United States and Germany.  
It was understood it reflected  
the apprehension of the pope  
at the possibilities of a rupture  
between the two countries.

## DEMAND

**FOR METHODIST FOREIGN MIS-  
SIONARIES MUCH GREATER  
THAN THE SUPPLY.**

**Only \$50,000 Available Last Year.  
While \$308,000 Was Asked, Con-  
ference Is Told.**

(Associated Press Telegram)  
Sartoga Springs, N. Y., May 6.—  
The demand for missionaries to  
work in foreign fields for the Meth-  
odist Episcopal church is much  
greater than the supply, the woman's  
foreign missionary society reported  
to the general conference of the  
church today. Last year, the report  
said, only \$50,000 was available for  
the foreign missionaries, although a  
total of \$368,000 had been request-  
ed.  
"We face today," the report con-  
tinued, "not tens but hundreds of  
thousands of women and children  
who are ready to be taught the va-  
lue of Christ. We are meeting this  
demand in one way by co-operation  
with other missionary forces in edu-  
cational and medical institutions  
and the production of Christian lit-  
erature."  
The secretary to the board which  
asked an increased appropriation to  
carry on its work, said there was an  
enrollment of 50,000 pupils in its  
Methodist schools in foreign coun-  
tries.  
An amendment to the federal con-  
stitution to prohibit governmental  
appropriations for sectarian pur-  
poses was recommended in a resolu-  
tion adopted without debate today  
by the general conference of the  
Methodist Episcopal church. The  
resolution was introduced by Rev.  
W. R. Wedderspoon of Baltimore. It  
was set forth in the resolution that  
"a powerful lobby, working in the  
interest of sectarian appropriations,"  
had obtained an agreement with a  
congressional conference committee  
to abandon senate amendment to the  
Indian bill, designed to authorize the  
establishment of Government schools  
in place of the usual appropriation  
for foreign sectarian schools con-  
tained in the house bill.  
Congress is requested to "eradicate  
this root of bitterness from our  
religious and civil life by prohibi-  
tion of all sectarian appropriations  
wherever our flag floats, whether by  
national, state or municipal govern-  
ments."  
Other resolutions endorsed absten-  
ence from tobacco, on the part of  
church members, compulsory Bible  
reading in the public schools and re-  
questing favorable action by congress  
on a proposed law to forbid the ex-  
portation of liquor to Africa.

**TELEGRAPHERS TAKE  
FEDERAL MEDIATION.**  
New York, May 6.—G. W. W.  
Hanger, of the federal board of  
mediation and conciliation began to-  
day his efforts to reconcile the  
differences between the New York  
Central and Nickel Plate railroad  
and five thousand telegraphers and  
signal men who demand an increase  
in wages and recognition of their two  
unions. All the parties to the dispute  
have accepted Mr. Hanger's offer of  
mediation.  
Mediation proceedings under the  
rule of federal procedure, are se-  
cret. H. B. Perham, president of the  
telegraphers union, says he expects  
the negotiations to last for three or  
four weeks.

## UNCLE SAM'S GREATEST IRRIGATION PROJECT WILL BE DEDICATED IN TEXAS ON MAY 13

Elephant Butte Dam; desert land that will be irrigated; irrigated Texas desert (bottom).

Uncle Sam's latest and greatest irrigation project, in Texas on the Rio Grande river, has been completed, and the dedication ceremonies will take place May 13. A small empire of 180,000 acres, now mostly desert, will be turned into a garden.

## NATIONAL BANK CALL FOR MAY 1

(Associated Press Telegram)  
Washington, May 6.—The com-  
ptroller of the currency today issued  
a call to all National banks requir-  
ing them to report to him their con-  
dition at the close of business on  
Monday, May 1.

In their answers to this call Na-  
tional banks are required to inform  
the comptroller of their investments  
in foreign securities, particularly  
those of nations now engaged in  
war. The result is expected to show  
for the first time just how much of  
the \$500,000,000 loan to the entente  
allies came directly or indirectly  
from National banks as well as how  
much Germany or Austria may have  
secured through the same sources.

## STATE BANK CALL

(Associated Press Telegram)  
Columbus, May 6.—Harry T. Hall,  
state superintendent of banks, today  
issued a call for a report by state  
banks showing their condition at the  
close of business May 1.

## POLICEMAN HURT

(Associated Press Telegram)  
Cleveland, May 6.—Police Ser-  
geant Charles Goetz was in a critical  
condition in a local hospital from in-  
juries received early this morning  
when run over by a speeding auto-  
mobile which he attempted to stop.  
His right leg, collarbone and a rib  
were broken and his chest was crush-  
ed. The speeder escaped.

## A BIG MEETING TO BE HELD OF SOCIAL NATURE

**MEMBERSHIP OF NEW CHAMBER  
OF COMMERCE TO GET BET-  
TER ACQUAINTED.**

**Only Business Transacted Will Be  
Choosing Delegates to Member-  
ship Council.**

A meeting which the entire mem-  
bership of the Chamber of Com-  
merce will be urged to attend will be  
held next Thursday or Friday night.  
It will be the first social gathering  
or "get-acquainted" meeting of the  
new organization, and the 560 mem-  
bers are going to be given a chance  
to congratulate Newark and them-  
selves upon the success of the cam-  
paign.

All meetings so far have been of a  
business nature in order to organize  
the working machinery of the Cham-  
ber, but only a small part of the big  
meeting next week will be given to  
any business matter. There has  
been quite a general demand for a  
social gathering of the members, and  
it will prove of value in cementing  
the feeling of unity throughout the  
city.

The only business to be transacted  
at the meeting will be the choosing  
of delegates to the Membership  
Council. This part of the work, un-  
der the plan to be used, will take  
only a few minutes. It will result  
in a much larger attendance from  
each of the various groups, and will  
give the directors of the Chamber  
more time for the more important  
work of getting the bureau to work  
on the problems awaiting their or-  
ganization.

Acting President Beggs will ap-  
point a committee this afternoon to  
have charge of the big meeting. A  
place will be decided upon, and a  
captain chosen for each group in or-  
der to have a large attendance.  
There will be a program of speech  
making and some other stunts to  
make the evening an enjoyable one.  
The Board of Directors will have  
a meeting Monday or Tuesday to  
make the final selection of the ad-  
ditional members of the bureau com-  
mittees. Great care is being taken  
in the selection of these men, so as  
to have men who will work faith-  
fully on whatever is assigned to them.  
There are many matters already  
before the board and a number of  
committees are at work now prepar-  
ing recommendations or making in-  
vestigations.

A number of the important mat-  
ters that will come before the bu-  
reau will be made public just as  
soon as the bureau committees are  
named. There is a big lot of work  
for the Chamber to do, and there  
promises to be no let-up in interest  
following the completion of the or-  
ganization.

**Caused Retreat But Paris  
Report Declares That Ger-

Were Checked By Artil-  
lery Fire—Norway Sends  
Protest to Both England  
and France.**

Heavy fighting has been resumed  
in the Verdun region with the Ger-  
mans again on the offensive west of  
the Meuse. They have brought up a  
fresh division and apparently made  
a new concentration of heavy artil-  
lery. Instead of attacking Dead  
Man's Hill, around which the battle  
has raged recently, they are now  
directing their attention to the some-  
what higher eminence known as Hill  
304, to the southwest, towards Avoc-  
ourt, on the French left flank.  
The afternoon bulletin of the  
Paris war office admits that an un-  
usually violent bombardment com-  
pelled the French to evacuate part of  
their trenches on the northern slope  
of the hill. It declares, however,  
that German efforts to advance were  
checked by the fire of the French  
artillery and that the fresh troops  
the German crown prince threw into  
the fray suffered heavy losses. At-  
tacks by the Germans north and  
northwest of Hill 304 were pushed  
so close to the French defenses that  
the bayonet had to be used to repel  
the assaults.  
Yesterday's reports indicating the  
destruction of three Zeppelins are  
followed today by a dispatch from  
Dutch sources announcing that the  
Zeppelin L-9 had been sighted fly-  
ing low across the North Sea, ap-  
parently badly crippled.  
Norway has protested to the Brit-  
ish and French governments against  
their action in seizing Norwegian  
mails. Similar protests have been  
made by the United States and Hol-  
land.

**SALT MINERS STRIKE.**  
(Associated Press Telegram)  
Gallipolis, O., May 6.—Several  
hundred miners and salt makers at  
the Linden, Hartford City and Liver-  
pool, W. Va., coal and salt works  
along the Ohio river near here,  
struck last night for higher wages.  
The demand was refused and the  
plants, which have been turning out  
bromine for the European countries,  
closed down.

**COUNTY NEARLY "BROKE."**  
(Associated Press Telegram)  
Lisbon, Ohio, May 6.—Officials  
announced today that Columbiana  
county, conceded one of the most  
prosperous counties in the state, is  
on the verge of bankruptcy. There  
is not sufficient money to pay off-  
ficers' salaries for May. No funds  
will be forthcoming until after the  
collection of June taxes.

(Associated Press Telegram)  
Washington, May 6.—The official  
text of Germany's note fully decoded  
and laid before President Wilson to-  
day shows no material differences  
from the unofficial text published  
yesterday in news dispatches. This  
strengthens the probability that a  
diplomatic break has been averted,  
at least for the present.

The President will not reach a  
definite decision before next week,  
it is said. Careful attention will be  
given the official text to discover  
fine shades of meaning which may  
have been obscured in the Berlin  
news dispatches. Cabinet members  
were asked by the President to give  
close attention to the document and  
their opinions will be sought before  
any formal action is taken.

Administration leaders stated that  
Germany doubtless would be given  
a chance to demonstrate her assur-  
ances that submarine commanders  
have been notified not to sink  
merchant vessels without warning.  
They based their opinion on the  
press record of the note, however.  
Much interest was apparent today  
among officials on editorial opinions  
of the German note. Many of these  
suggested the reply should be con-  
sidered satisfactory temporarily,  
pending the result of Germany's  
promises "to do its utmost to con-  
fine operations of the war for the  
rest of its duration to the fighting  
forces of the belligerents."

Others suggested that a diplomatic  
break would be advisable. They  
pointed particularly to the apparent  
tendency of Germany to qualify the  
submarine assurances by conditions  
concerning the conduct of British  
naval warfare.  
Overnight study of the note by  
cabinet members and officials did not  
change their view that probably  
there would be no break in diplo-  
matic relations unless there were  
further attacks in violation of inter-  
national law.

There is a possibility that the  
United States may make a brief re-  
ply notifying the Berlin government  
that as long as the new orders to  
submarine commanders are fully  
observed diplomatic relations  
will not be discontinued on  
that score.

Secretary Lansing already has  
studied the note once and was going  
over it very carefully again today.  
There were indications that further

## Eight-Year-Old Boy Confesses He Shot and Killed Mother, But Husband Is Bound Over

(Associated Press Telegram)

Portsmouth, O., May 6.—George  
Jordan, 8, who told officials that his  
father, Roy Jordan, killed his moth-  
er with a shot gun following a quar-  
rel because she did not get up early  
enough to get breakfast, has con-  
fessed that he shot his mother, offi-  
cials say.

The officials had brought George,  
another son, and Fred, the little  
three-year-old son before the probate  
judge and were preparing to ask  
them some question when Fred, in  
innocence and with a pointing hand,  
said: "George, what did you kill  
my mamma for?"  
George hung his head and failed  
to answer. The officials were quick  
to follow the lead and asked Fred  
how George killed his mother and  
the little chap said: "George killed  
her with a gun."

The eight-year-old lad when asked  
if accusations made by his baby  
brother were true admitted the mur-  
der. He said that he was playing  
with the shot gun and did not know  
that it was loaded. He pulled the  
trigger back and the contents of the  
gun were discharged into his moth-  
er's head.

The officials are now in doubt  
about the correct solution of the  
mystery. Prosecuting Attorney  
Joseph T. Micklethwait was sur-  
prised when he learned that the lit-  
tle boy had confessed to the officials  
and made the following statement:  
"In my opinion, from the father's  
conduct and the statements and  
from the nature of the wounds and

from the examinations and reports  
of the physicians who examined the  
corps, I would say that the wounds  
were such that would indicate that  
they were not the work of a child."

After the coroner's inquest which  
was held Friday morning, at which  
George declared that his father had  
shot his mother following a quarrel,  
Roy Jordan was charged by Coroner  
J. W. Daehler with the shooting of  
his wife "with homicidal intent."  
Then Sheriff E. W. Smith filed an af-  
fidavit before Squire J. W. Byron,  
charging Jordan with murder in the  
first degree and he was arraigned.  
The prisoner entered a plea of not  
guilty and George was called to tes-  
tify. The boy related his story up to  
the point where the mother was shot  
then said that he "forgot." Squire  
John W. Byron concluded the hear-  
ing by binding Roy Jordan the father  
over to the grand jury without bond.

Neighbors found the body of Mrs.  
Jordan Tuesday afternoon after the  
Jordan children had called to them,  
telling them their mother was dead.  
Four sons and the father were im-  
mediately taken into custody, pend-  
ing an investigation.

The eight-year-old lad Wednesday  
told the county officials his father  
had shot his mother because she  
would not get out of bed to get her  
breakfast. He said his father had  
sworn at him during the quarrel.  
Thursday the boy with his three  
brothers were allowed to spend the  
mother's funeral in a rooming house  
shelter, but the father was taken to  
jail.

Ten directors of Newark's new Chamber of Commerce have already been elected. Two more are to be chosen by the membership council. In Wednesday's Newark reproductions of photographs of six directors appeared: Messrs. Frank L. Beggs, George Hermann, W. J. Bowers, John C. Krieg, Ralph S. Wyeth, and Homer C. Price. The organization of the new Chamber of Commerce is to be completed within a few days. The membership of the body now exceeds 560.

# CLEVELAND MEN ARE COMING HERE NEXT THURSDAY

Arrangements are now practically completed for the 39th trade extension excursion of the Manufacturers and Wholesale Merchants Board of The Chamber of Commerce, which will leave Cleveland on Monday morning, May 8th, for a four day trip through southwestern Ohio.

One hundred business men have already expressed their intention to participate in the tour, and the prospects are that the trip will be the largest ever held by this organization.

Akron, Barberton, Orville, Wooster, Loudonville, Millersburg, Coshocton, Newcometown, Cambridge, Zanesville, Newark, Lancaster, Circleville and Columbus are to be included in the trip, and night stops will be made at Wooster on Monday night, Coshocton on Tuesday night, Zanesville on Wednesday and Lancaster on Thursday night.

Members of civic organizations in the various cities will aid in making the visit of Cleveland business men successful.

The party is scheduled to reach Newark at 9:45 a. m. Thursday, May 11, and will remain in Newark until 2:45, leaving then for Lancaster.

## STUDY

(Continued from Page 1)

consideration by the cabinet would not be necessary.

Count von Bernstorff, the German ambassador, returned to the embassy today from New York. He said he had no communication from his government and had no reason to visit the state department in connection with the note unless he were invited or instructed by his government to do so. The ambassador's view that the note was all the United States asked remained unchanged.

Several members of the cabinet have left Washington and are expected back before Monday. Secretary Lansing has gone to Annapolis for the week end. Secretary Baker is in Cleveland and Postmaster General Burleson is on a short fishing trip.

President Wilson read today with careful attention the portion of the note touching on peace. Some officials believed unusual significance should be attached to that part of the note because it was taken to indicate officially that recent speeches of Chancellor von Bethmann-Hollweg before the Reichstag were intended as notices to the world that Germany was ready for peace on certain terms.

The note says the German government, conscious of Germany's strength, twice within the last few months announced before the world its readiness to make peace on a basis of safeguarding Germany's vital interests, thus insuring it is not Germany's fault a peace is still withheld from the nations of Europe.

While it was indicated today that President Wilson would make no further peace moves until the allied governments have signified their willingness to receive suggestions on the subject, some officials thought today the German note might possibly draw something from the allies.

**PEACE FOUNDATION**

Found in German Answer by London Newspapers.

(Associated Press Telegram)

London, May 6, 3:14 a. m.—The Daily News gives a prominent place in today's issue to a long dispatch from Rotterdam asserting that there is a strong belief in Holland that the German note to the United States was carefully prepared in the hope that it may lead eventually to peace negotiations. The dispatch says in part:

"There is a belief here that behind the whole cloud of vague and conditional promises lies the hope that negotiations for peace will be opened with England through the United States. According to this view, Germany hopes that Washington will open a discussion first on questions of contraband and the naval blockade which will widen to a possible peace discussion."

"In American circles in Berlin, it is believed that American Ambassador Gerard, during his recent visit to the Kaiser's headquarters at the front, discussed matters far wider in range than merely the question at issue between Washington and Berlin."

The Daily News correspondent also says that the Wolff bureau sent out an article this week in which an anonymous neutral discusses the relations between Germany and the United States and suggests that America now has an opportunity to lay the foundation for peace negotiations. This article appeared in the same issue of the German newspapers with the text of the reply to the American note. It says:

"This appears to be the historic opportunity for America. If the United States maintains an equally firm position against the starvation of Germany as against the German submarine warfare then there will be an opening for the belligerents to consider how they can end this miserable war."

**NO EXCITEMENT**

Caused by Publication of Answer in Berlin Extras.

(Associated Press Telegram)

Berlin via London, May 6, 4:40 a. m.—The text of the German reply to the American note was published in extra editions of the newspapers but caused hardly a ripple of excitement. No crowds gathered around the newspaper offices and the people in general showed marked calmness. Notable restraint was shown in the limited comment made on the note in the papers. Even Count von Reventlow, usually a critic of German-American relations, disposes of the matter with a single line referring to previous discussions on the issue in question.

On the whole, the German press appears satisfied with the tenor of the reply from Berlin although there are indications that the attitude of the newspapers is not wholly unspirited.

The Vossische Zeitung, one of the few papers to comment at length on the German reply, says:

"The note is inspired by a sincere wish to avoid a break with the United States. The government, in joining the tone of President Wilson's note has gone straight to the point wherein there is a possibility of an agreement by means to conduct the submarine campaign within the limits of anti-bellum international law. This is the last and the furthest concession that Germany can make and should the expectation that England be now required to return to the same basis of international law be deceived, the government reserves full liberty of action."

The Tagesliche Rundschau while expressing the opinion that the note should have taken a different character, urges that the expression of divergent views is unwarranted at this moment and that everybody should subordinate his own judgment and stand behind the government.

The Berlin Tageblatt contents itself with summarizing the main points of the note and expressing the hope that it will attain its aim in preventing war with America.

The utter lack of excitement on the part of the majority of the people of Berlin with which publication of the German note to the United States was received in strong contrast with the great interest shown everywhere when the American note to Germany was published April 22.

After the first flurry at noon today when extra editions of the newspapers appeared with the text of the note the city resumed its usual calm. In fact, it was almost a dead calm on account of the blistering heat. News dealers who had ordered especially large supplies of paper, could not get rid of them, for the public simply refused to buy or be burdened by reading. Throughout the afternoon listless crowds of average size thronged the principal streets and cafes. Not one person in fifty, so far as could be seen, glanced at a newspaper or heeded shouts of the dealers. Nowhere could there be heard any particular discussion of the German-American situation nor were there signs of the antipathy to persons speaking English which frequently have been observed.

# PARTY LINES ARE FORGOTTEN AS CONGRESS HONORS JOSEPH CANNON

Uncle Joe Cannon as he looks today.

(Associated Press Telegram)

Washington, May 6.—Party lines disappeared and old scores were forgotten by the house today when, during the first hour of its regular session, it joined in paying tribute to Representative Joseph Cannon of Illinois, the former speaker who will be 81 years old tomorrow. Never before in the history of the house did an hour of the working session bend aside to honor a living member.

One of the original Progressive Representative Cooper, of Wisconsin, presided during the greater part of the ceremonies. One of the original revolutionists against the so-called "Cannon rule" for years he fought the then speaker, but today he presided as a hero. Their old wounds have since been healed and it no longer is an unusual sight to see them sitting together in the Republican cloak room, engaged in a friendly chat.

Speaker Clark in a humorous and friendly speech termed Mr. Cannon one of the "topnotcher class of mental pugilists."

Still carrying himself as straight as an Indian and as ruddy cheeked as a school girl, Mr. Cannon marched down the center aisle of the house and delivered an address of appreciation filled with reminiscences of other days. It brought back the shadows of Blaine, Randall, Ben Butler, George F. Hoar, "Sunset" Cox, "Pig Iron" Kelly, and a score of other contemporaries of Mr. Cannon to the halls where, once they served Mr. Cannon was quick to observe the non-partisan character of the occasion and his opening words were in appreciation of it. Despite his years, Mr. Cannon still takes an active part in debate and smokes as many cigars as ever.

calmness. Notable restraint was shown in the limited comment made on the note in the papers. Even Count von Reventlow, usually a critic of German-American relations, disposes of the matter with a single line referring to previous discussions on the issue in question.

On the whole, the German press appears satisfied with the tenor of the reply from Berlin although there are indications that the attitude of the newspapers is not wholly unspirited.

The Vossische Zeitung, one of the few papers to comment at length on the German reply, says:

"The note is inspired by a sincere wish to avoid a break with the United States. The government, in joining the tone of President Wilson's note has gone straight to the point wherein there is a possibility of an agreement by means to conduct the submarine campaign within the limits of anti-bellum international law. This is the last and the furthest concession that Germany can make and should the expectation that England be now required to return to the same basis of international law be deceived, the government reserves full liberty of action."

The Tagesliche Rundschau while expressing the opinion that the note should have taken a different character, urges that the expression of divergent views is unwarranted at this moment and that everybody should subordinate his own judgment and stand behind the government.

The Berlin Tageblatt contents itself with summarizing the main points of the note and expressing the hope that it will attain its aim in preventing war with America.

The utter lack of excitement on the part of the majority of the people of Berlin with which publication of the German note to the United States was received in strong contrast with the great interest shown everywhere when the American note to Germany was published April 22.

After the first flurry at noon today when extra editions of the newspapers appeared with the text of the note the city resumed its usual calm. In fact, it was almost a dead calm on account of the blistering heat. News dealers who had ordered especially large supplies of paper, could not get rid of them, for the public simply refused to buy or be burdened by reading. Throughout the afternoon listless crowds of average size thronged the principal streets and cafes. Not one person in fifty, so far as could be seen, glanced at a newspaper or heeded shouts of the dealers. Nowhere could there be heard any particular discussion of the German-American situation nor were there signs of the antipathy to persons speaking English which frequently have been observed.

**ANNUAL PILGRIMAGE.**

Findlay, Ohio, May 6.—The annual pilgrimage to Our Lady of Consolation church at Carey will take place the week of May 21-28. On Thursday of that week many excursions will be run to the little city and Bishop Schrembs of Toledo will deliver the sermon.

# RAILROAD TO HONOR MOTHER SUNDAY MAY 14

All Employees of the Baltimore and Ohio Will Wear Carnations.

Other News.

The Baltimore and Ohio railroad company is urging its 60,000 men to wear a carnation Sunday, May 14, a white one if his mother is dead and a red one for the fortunate one whose mother is living. Mother's day, the day on which every man, woman and child, should pay tribute to their mother. It is fittingly observed by not only local B. & O. employees and officers, but by employees of the entire system and also by its traveling public.

For the past three years, it has been the annual custom of the company to urge its employees to pay this prettiest of all tributes. The request is made of the men in service, those holding official positions and those who operate trains, work in the shops, yard men and freight and passenger employees.

That the traveling public may join with the company May 14 in observing this day of all days, instructions have gone forward that every dining car operated on the system Sunday, May 14, shall carry a supply of carnations and one be given to each patron of the car.

The same will apply to the color of the carnation. If the mother is dead a white flower will be handed the passenger and a red carnation given him, if the mother is living.

**Laborers Enroute.**

A car load of laborers numbering 46 men, passed through Newark this morning via the B. & O. railroad enroute from Columbus to Utica. The workmen were being shipped to Utica for pine line work.

**Wage Increase Granted.**

Former Governor Judson Harmon and Judge Rufus B. Smith, receivers of the Cincinnati, Hamilton and Dayton railway, yesterday made reply to the demands of the telegraph operators of that line. The reply is in the hands of the telegraphers' committee of which Edward Stinger, Middletown, O., is chairman, and is being considered by that body.

The principal demand of the men were that the Harmon receivers and exclusive agents be eligible to join the Telegraphers' Union; a reduction in the hours of work and an increase in pay. The first two demands were denied, but the receivers are ready to grant the men a five per cent increase in wages. The men were given an eight-per-cent increase in the spring of 1914.

**Relocate Right of Way.**

Not since the period following the flood of 1913 have the engineers of the Big Four Route, Cincinnati, Hamilton and Dayton System and Erie Railroad been so busy as at the present time, and all because the Miami District Conservancy commission, acting under the new Ohio conservancy law, has decreed that several of the five detainee dams to be built north of Dayton will take in part of these three systems and make it necessary for the lines to relocate and rebuild their rights of way.

The Big Four and Erie are the hardest hit as they will have to relocate and rebuild 14 miles of their track several miles east of its present location. The station and village of Osborn will be wiped out entirely and many prosperous farms laid waste, so that no more disasters like that of three years ago may visit the surrounding country.

**A MORNING HEALTH HABIT**

Before You Eat Breakfast Flush the Stomach and Bowels With This Water

Nature intended us to have good digestion, free from constipation and biliousness, but we are inclined to neglect ourselves. We get constipated, then we get nervous, sometimes despondent, worried, and head-achy. Without sufficient exercise Nature can't carry off the waste. It stays in the bowels, ferments, and turns to poison making a home for millions of bacteria.

Your stomach and intestines should be flushed and cleansed each day. Not with drugs that irritate and "apply the lash" to organs that are already overworked, but with Tollo Water from Dawson Springs, Kentucky. It will not force or irritate, but flush and really cleanse the walls of the stomach and bowels, leaving them refreshed and clean.

When the blood is pure you sleep well and wake refreshed. If you feel good one day and bad the next, have spells of indigestion or biliousness, you should start tomorrow morning on Tollo Water. It will rid the system of sour bile and toxic poison left from food of the previous day.

Get a bottle from your druggist today. Pour out about one-third of a tumbler of Tollo Water then fill it with plain water and drink it before breakfast.

After the first glass you will experience the feeling of cleanliness inside, that means clean blood, good digestion and an active liver.

The man who admits that he can't do anything and is looking for a job must expect one of those high-salaried ones.

## The "Barefoot" Tire—and Why.

CONSIDER now the means by which many Tires have been given maximum Traction,—i.e., by means of a "sandpapey" texture in the Rubber of their Anti-Skid Treads.

Every time the Brakes are put on, to make such Tires grip the road, the relatively hard, unyielding, and comparatively brittle, texture of the Rubber in their Treads causes these Treads to grind away on the pavement, to WEAR OUT fast at the point of contact.

The sudden efficiency of their grinding-Traction also tugs so sharply on the Rubber Adhesive between the layers of Fabric in Tire as to separate these layers. There is little "give" to them—just as there is little "slide" to them.

So, they gain Traction at the expense of Mileage. Naturally such Tires require a great BULK of such Rubber in order to deliver reasonable Mileage before worn out.

And, therein they differ radically from GOODRICH "Barefoot" Tires.

Because,—the Safety-Tread on Goodrich Tires is made of "Barefoot-Rubber," a new, and exclusive compound which discards unnecessary whitish "frictional" ingredients that are heaviest and inert, as proved by their lighter weight.

HERE is how it acts in Automobiling.—When the weight of the Car bears on this clinging "Barefoot-Rubber" Tread, and the power is applied to go ahead or reverse, the wonderful stretch in the "Barefoot" Rubber Sole (or Tread) of the Goodrich Tire acts as a sort of Lubricant between the Fabric Structure of the Tire and the Road.

Then, the Barefoot-Rubber "Toes," of the Goodrich Safety-Tread Tire, CLING to the pavement (instead of grinding against it), in such manner as your Bare Foot would cling to a slippery surface—without Grind, and so, with the minimum of Frictional Heat or Wear for maximum Traction.

Goodrich "Barefoot-Rubber" is now made into Goodrich FABRIC Tires,—Goodrich Silvertown Cord Tires,—Goodrich Inner Tubes,—Goodrich Truck Tires,—Goodrich Motor Cycle, and Bicycle, Tires, as well as into Goodrich Rubber Boots, Over-Shoes, Soles and Heels.

Get a Sliver of it from your nearest Goodrich Branch, or Dealer. Stretch it thousands of times, but break it you can't.

That's the Stuff that GOODRICH Black-Tread Tires are made of.

**An Inside Bath Makes You Look and Feel Fresh**

Says a glass of hot water with phosphate before breakfast keeps illness away.

This excellent, common-sense health measure being adopted by millions.

Physicians the world over recommend the inside bath, claiming this as of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the ten yards of bowels do.

Men and women are urged to drink each morning, before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Just as soap and hot water cleanse and freshen the skin, so hot water and limestone phosphate act on the eliminative organs.

Those who wake up with bad breath, coated tongue, nasty taste or have a dull, aching head, sallow complexion, acid stomach; others who are subject to bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to demonstrate the value of inside bathing. Those who continue it each morning are assured of pronounced results, both in regard to health and appearance.

## What Ohio Club Women Are Doing

Mrs. Prentice E. Rood, Director of Press.

Who's the mother of Presidents?  
Ohio—Ohio.  
Who has another to present?  
Ohio—Ohio.

Who will wear the laurel wreath?  
Missess Sneath—Missess Sneath.  
Who says so? Who says so?  
Ohio—Ohio.

With the exception of New York, Ohio will send the largest delegation to the Biennial and all are enthusiastic in their support of Mrs. Sneath.

Heartily endorsement of Ohio's candidate is given by the Louisiana state president, who, on a recent visit to New Orleans, urged the club women to work for Mrs. Sneath. "I cannot express too strongly," said Mrs. Wilkinson, "how earnestly I hope for Mrs. Sneath's election."

Mrs. Sneath's motto has always been "The only honor in holding office is found in service well rendered."

"We may talk much and beautifully about civics and social betterment, but after all, what we are doing—what we have done—to carry these high ideals into effect?" is the question she asks herself and other club women.

**Endowment Fund.**  
Once more you are reminded of the endowment fund. If you have not contributed to this fund, will you not do so AT ONCE? No club in the Ohio Federation should fall in their duty regarding this important matter. It means an income to carry on work of vital importance for good through the various committees.

**A Suffrage Program.**

In preparing your program for the coming year, do not fail to set aside at least one day to the consideration of Equal Suffrage. Our own past president, Miss Anna B. Johnson, is available as a speaker, and her multitude of friends throughout the state will enjoy a visit from her and at the same time hear a message of serious importance to Ohio women.

**Deary Barleque Shows.**

At the annual meeting of the Civic League of Youngstown the following resolution was adopted: "Inasmuch as many men and women of Youngstown have called the attention of the Women's Club League, protesting burlesque shows in this city; and

"Inasmuch as the Women's Club League, comprising 84 clubs, representing 3,000 members, deprecates the fact that these shows are produced with no good results;

"Therefore, be it Resolved that no vote be given to our Mrs. Sneath.

## Granville

[Special to The Advocate]

Granville, May 6.—The arrangements for the May Festival are about all completed, and the famous Russian Symphony Orchestra will be given a welcome on Monday worthy its great renown. This orchestra prides itself upon the unique distinction of being among the country's leading orchestras, the only one that exists by public favor alone, without the aid of any large guarantee fund. Throughout the length and breadth of the United States, the Russian Symphony Society is well known in every town that has the slightest claim to being musical, after the society's visits on three transcontinental tours, during one of which, 221 concerts were given in 84 cities in 29 states and Canada in the course of 23 weeks. Having established a record for itself of being the orchestra that lucked more novelties in New York than any other orchestra, the Russian Symphony Society has lived up to its reputation during the past season and Monday's program will prove a revelation to music lovers. A few seats are left, and a few hours remain in which to secure them.

The Enterprize Literary Society of Shephard college held a meeting in King hall on Friday evening, May 5, at which the program consisted of talks by former members of the society, which proved to be mutually interesting and helpful. The active members showed a lively interest in the reminiscences, and the old members were gratified at the loyalty shown the old society by the present day members.

The program opened with the chaplain's exercises. Roll call was responded to by familiar quotations, after which the presiding officer, Miss Helen Dickenson, gave a brief welcome to the guests of the evening. A brief review of the latest news was given by Mrs. Burton Case, after which Mrs. K. S. Hines told in delightful detail of the doings of Enterprize in her day, of the high literary standards, of the seriousness of their work, of their pride in their hall, of their weekly guests from the "hill" of their excellent literary, of their annual program, and many other features. It was given with a keen appreciation of present conditions, which gave zest to her witty allusions much enjoyed by the audience.

Mrs. C. W. Chamberlain followed with a description of Enterprize in the 90's, which showed that the society of that day was rapidly developing—with the purchase of a piano—and that the modern idea of a literary program was beginning to find acceptance by the introduction of musical numbers. She paid tribute to several members of Enterprize who since, have done important work in the world. Her talk was enlivened by several funny episodes. Mrs. George Reese, formerly Miss Laura Bell Parsons, a teacher in the institution before her marriage, closed the program. Her talk was some what along the line of reminiscence—she dwelt upon the need for a hall which the society can call its own. She commended the loyalty and spirit of the society in holding up the old ideals as it has done, and urged the girls to greater zeal and activity for the continued honor and prestige of this good old society, a heritage from the good old days of the good old school.

A charming feature of the program was the vocal solo given by Miss Mary McDonald. At the conclusion of the exercises the guests of honor were given a warm greeting by the girls and a social hour enjoyed. Mrs. Susan Talbot Bawden and Mrs. Mabel Grandstaff Ashton were among the former members present.

The meeting of the Missionary Organization which was held in the social rooms of the Baptist church on Friday afternoon was well attended, and the excellent program presented by the president, Mrs. Robert Biggs was greatly enjoyed. "The Awakening of the Mountaineers," was the general topic. "Pictures of Mountain Life" as given by Mrs. C. W. Chamberlain proved most enlightening. She gave the origin of the Kentucky mountaineers in a series of word pictures. The real Anglo-Saxons, who fought for the defense of American rights in the Revolutionary war, who, again, with no prejudices for or against slavery, threw themselves into the struggle of the war of the rebellion, simply to keep the American flag for the united American nation. They enlisted almost to a man, one county sending every man between the ages of 15 and 60 years, the women having made the flag under which they marched away. There were pictures of home life, of the community at church, and so forth.

Mrs. W. H. Johnson gave a glimpse of this awakening of the mountaineers in her description of Berea college, one of the most successful of the educational institutions in that region.

A beautiful musical selection was sung by Mrs. E. P. Johnston, Mrs. W. P. Ullman and Mrs. Detweiler—Mendelssohn's "Lift Thine Eyes," arranged for a trio of women's voices without accompaniment was well rendered and added greatly to the enjoyment of the program.

A social hour was enjoyed during which refreshments were served by Circle No. 3. Out of town guests were Mrs. Stinson, Mrs. Hubbard and Mrs. Reese of Alexandria. Director Karl Eschman is the busiest man in Granville just now—and the results of his manifold labors are to be demonstrated on Monday afternoon and evening, when the greatest event in years is to take place here. The big symphony orchestra is familiar to Granville audiences, but there has been no performance here for several years, and now there is to be one of the best in the country for two performances. Mr. Eschman's chorus is to sing "The Creation" accompanied by the famous orchestra and Mr. Eschman is to direct both choruses and

## Concrete Machine Works Rapidly On Hudson Ave. Job

Work was started yesterday afternoon on the concrete foundation for the Hudson avenue paving job. The concrete is prepared in a new "batch mixer" the first of its kind ever used in this city. Twelve men with wheelbarrows have been unable to keep the machine supplied with gravel and cement, so rapidly does it mix and distribute the product. A new attachment, a conveyor pipe, distributes the concrete to the point in the street where it is wanted. The work of the machine has attracted considerable attention from local contractors and others.

## Markets

**Weekly Market Summary.**  
(Associated Press Telegram)

New York, May 6.—Waiting on the German note constituted the chief feature of the irregular and nervous week in the stock exchange. Other developments of importance included an expansion of domestic business, a substantial improvement in the Mexican situation, and changes, political and military, among the entente powers. When Berlin's reply was finally received prices broke with some violence, but recovered with surprising vigor, affording ample proof of the market's strength. Technical analysis, however, seemed to be based on the belief that Germany had made substantial concessions to this country's demands thus averting off a service of diplomatic relations.

It was generally realized, however, that the final outcome of this peculiar situation rests with Washington where official opinion respecting Germany's note seemed to be much divided. Wall street was plainly disposed to accept the situation in a liberal spirit, as was demonstrated by the confident tone of buying, which followed the publication of the message.

Aside from the demands of labor, some of which were readily met, home conditions lost none of their promise of a much brighter future. The transportation lines, including the Pennsylvania, New York Central and Reading railroads, submitted brilliant statements of March figures. The copper producing companies reported unprecedented increases for 1915 and the first quarter of the calendar year and the American smelting company, increased its common dividend.

In the stock market itself, shipping shares furnished the most conspicuous feature. Mercantile marines, attaining new high records, with a later movement of impressive portions in United Fruit. The activity and strength of these issues were accompanied by reports of a merger or consolidation of the more important American marine interests.

## Lodges

**I. O. O. F.**  
Mt. Olive Encampment met in regular session Thursday evening with a fair attendance. Routine business was transacted. At our next meeting, May 18, the Patriarchal degree will be conferred. All candidates take notice. All Patriarchs who will take part in the Golden Rule degree will please be present as there are some parts to be filled and practiced.  
Visiting Patriarchs always welcome.

**Canton Olive.**  
Canton Olive met in special session Wednesday evening with a good attendance. There was a splendid showing of P. M. members at the anniversary services Sunday evening. Next Wednesday evening the P. M. degree will be conferred. We will have an old fashion pig roast after the degree. The Cantons of Columbus, Coshocton, Zanesville and Cambridge have been invited to attend so we expect to have a rousing good time. All Chevalliers in the city are expected to report early at the hall in full dress. Sunday afternoon the candidates will meet at the hall at 2:30 to try on their uniforms. All Chevalliers not supplied with tickets for our open meeting and entertainment, May 24th, can obtain them from Shannon or Belt.

**Newark Lodge.**  
Newark lodge met in regular session Monday evening with a good attendance. Routine business was transacted. The anniversary committee reported a good turn out to the services Sunday evening. The memorial service will be held some time in June. The committee is now formulating plans. Next Monday evening the Initiatory degree staff of Gratiot will attend Newark Lodge and confer the degree on a class of candidates. All Odd Fellows are cordially invited to attend.

**Licking Rebekah Lodge.**  
Next Thursday evening Licking Rebekah lodge will give one of its famous literary and musical programs in connection with the regular lodge session. A large attendance is expected. Will you be there?

**LICKING LODGE MOOSE.**  
Licking lodge No. 499 met in regular session Wednesday night, May 3d with a good attendance. Three brothers were reported sick. Those on the sick list are improving. One applicant for membership was found in waiting and was duly initiated. The new officers, with our drill team, did fine work. Brothers, don't forget the big carnival the week of May 15. The following lines were composed by Bro. James H. Smith:

Get in line and then get busy,  
Don't you know there's much to do  
And your time and help is needed,  
When the workers are so few.

Get in line and then get busy,  
Why should you stand idly by,  
When there's lots of things around you,  
You could do if you would try.

Get in line and then get busy,  
Don't stand round and hang your head,  
Lose your grouch if you have got one,  
Turn your frowns to smiles instead.

Get in line and then get busy,  
Show your order you can work,  
Throw away your old excuses,  
Be a member that will not shirk.

**K. OF P.**  
At the regular weekly meeting of Newark Lodge, No. 13, held on Thursday evening there was a large crowd out to see the work. The regular routine of work was very light and consumed very little time. The sick members are improving nicely. After the regular work was over the Knight Rank was conferred on a class of three Esquires, and was enjoyed by all who were there, including the candidates, after which the members adjourned to the banquet hall where the refreshment committee had prepared a nice lunch composed of ice cream, cake, coffee, etc., which was enjoyed by all.

On Monday evening the Pythian Sisters will put on the play at the High School Auditorium entitled "A Receipt in Full", and by the way the tickets are going there is every reason to believe that the Auditorium will be filled to its capacity. Reserved seats can be had at the City Drug store on Saturday.

Next Thursday the Page Rank will be conferred on a class of candidates in the new form and all members that have not seen this work put on should not fail to attend and witness something that they never saw before in the way of the Page Rank. It is something fine and all who can should be out to see it put on.

**Roland Lodge.**  
The regular weekly meeting of Roland lodge, No. 305, on Tuesday evening was well attended, and the Esquire rank was conferred upon four Pages. The Knight rank will be put on in full form next Tuesday evening. Bro. E. J. Kelly sent a box of cigars for the boys, which were distributed after the business of the evening was completed. For further information as to the cause ask Ed.

Next Monday night at the High School Auditorium is the time and

## PROMOTES GOOD HEALTH

Avoid badly ventilated places and as a protection against disease use safe and reliable hyclorite frequently. As a mouth wash and gargle it destroys germs of odor and decay. For cuts, bruises and burns it cleanses and prevents infection and helps to heal quickly and healthily. Hyclorite is remarkably pure and economical. It is recommended by physicians, used in hospitals and extensively sold by druggists, because as an antiseptic and germicide it acts instantly, is powerful yet positively safe and always dependable.

Keep hyclorite on hand always as first aid for your protection. You never know when a pinch of hyclorite out of a bottle will lead to blood poisoning. General Laboratories, Newark, Ohio.

place of the best home talent play ever given in Newark. "A Receipt in Full" is the name of the drama, with "Bud Fisher" furnishing the comedy role. You will miss the best of the season if you let this pass. The proceeds go to purchase a new carpet for the lodge room. Will you help?

The Grand Lodge convention will be held in Cleveland, June 13 and 14, and already the representatives and others are planning for a big time.

### ROYAL NEIGHBORS.

Daisy camp met with a good attendance. After a short program was enjoyed by all present, plans were made for the 15th anniversary, May 9th. Each and every member is urged to be present to answer to roll call. All charter members are especially urged to be present. Some of them have answered a higher roll call but those who are left we would be more than glad to hear them answer to their name.

### W. O. W.

Buckeye Camp, No. 239 met in regular session Thursday evening with the best attendance of the year. Thirteen applications for membership were received and eleven applicants balloted upon. The protection degree will be conferred upon a class of candidates at our next regular meeting on Thursday evening May 18th.

The entertainment committee has promised us something fine for this meeting and those Sovereigns who don't attend this meeting will miss something. Camp will open at 7:30 prompt.

## GARFIELD

NAMED AS TEMPORARY CHAIRMAN OF PROGRESSIVE CONVENTION TODAY.

A. S. Mitchell of Newark in Attendance—Will Name Delegates to National Convention.

(ASSOCIATED PRESS TELEGRAM)

Columbus, May 6.—James R. Garfield of Cleveland, was named temporary chairman of the state Progressive convention at a conference of party leaders this morning.

At the convention, which assembled at noon in the same rooms where the Ohio Progressive party was born four years ago, twenty-nine delegates to the national convention at Chicago are to be selected.

State Chairman Walter F. Brown, of Toledo, this morning said, however, two delegates from each congressional district each to have half a vote, might be named because of the many who desire to be sent. He said action on this matter would be taken soon after the convention opened and would depend largely on whether reservation could be secured for an Ohio delegation of that size in the convention hall.

Arthur L. Garford, of Elyria and James R. Garfield, are expected to be named delegates-at-large.

Chairman Brown said the full quota of 110 delegates, two from each congressional district, would be in attendance and the number would probably exceed the figure.

O. M. Abt, of Canton, will be secretary of the convention, it was announced this morning.

The endorsement of candidates or party issues, party leaders said, would rest entirely with the sentiment of the delegates.

Two delegates were selected from most districts, each with one-half vote, but several of the larger congressional districts were given four delegates to the national convention—each with one-quarter vote. Following are the delegates at large selected:

Walter F. Brown, State chairman, Toledo; Arthur L. Garford, Elyria; James R. Garfield, Mentor; H. H. Timkin, Canton; Meyers Y. Cooper, Cincinnati; William K. Field, Columbus; Sherman H. Eagle, Gallipolis; E. E. Erskine, Steubenville; A. S. Mitchell of Newark and I. D. Hunt of Mt. Vernon were selected to represent the Steubenville district.

## ADMIRAL REPORTS SITUATION GRAVE AT SAN DOMINGO

(ASSOCIATED PRESS TELEGRAM)

Washington, May 6.—Hear Admiral Caperton, in charge of the American forces at Santo Domingo, and Haiti, today advised the navy department that the situation in Santo Domingo in the revolt against President Jimenez was grave. Admiral Caperton did not report landing marines to ward the American legation. He said he had conferred with several dominican officials. Secretary Daniels said that Admiral Caperton had been authorized to land marines or to take any other steps necessary to preserve order.

### HOSTILITIES SUSPENDED.

Santo Domingo, Dominican Republic, May 6.—The hostilities which broke out here yesterday, the outgrowth of the attempt to overthrow the administration of President Jimenez, resulted in several persons being killed or wounded, were suspended today.

Members of the diplomatic corps are expected to arrive in the city to land marines or to take any other steps necessary to preserve order.

### HAITIEN SENATE DISPERSED TODAY.

Port au Prince Haiti May 6.—Members of the Haitian senate who persisted in holding a meeting in spite of the warning of Rear Admiral Caperton in command of the American forces here were dispersed today by a detachment of marines commanded by an American officer. The senators protested but offered no resistance.

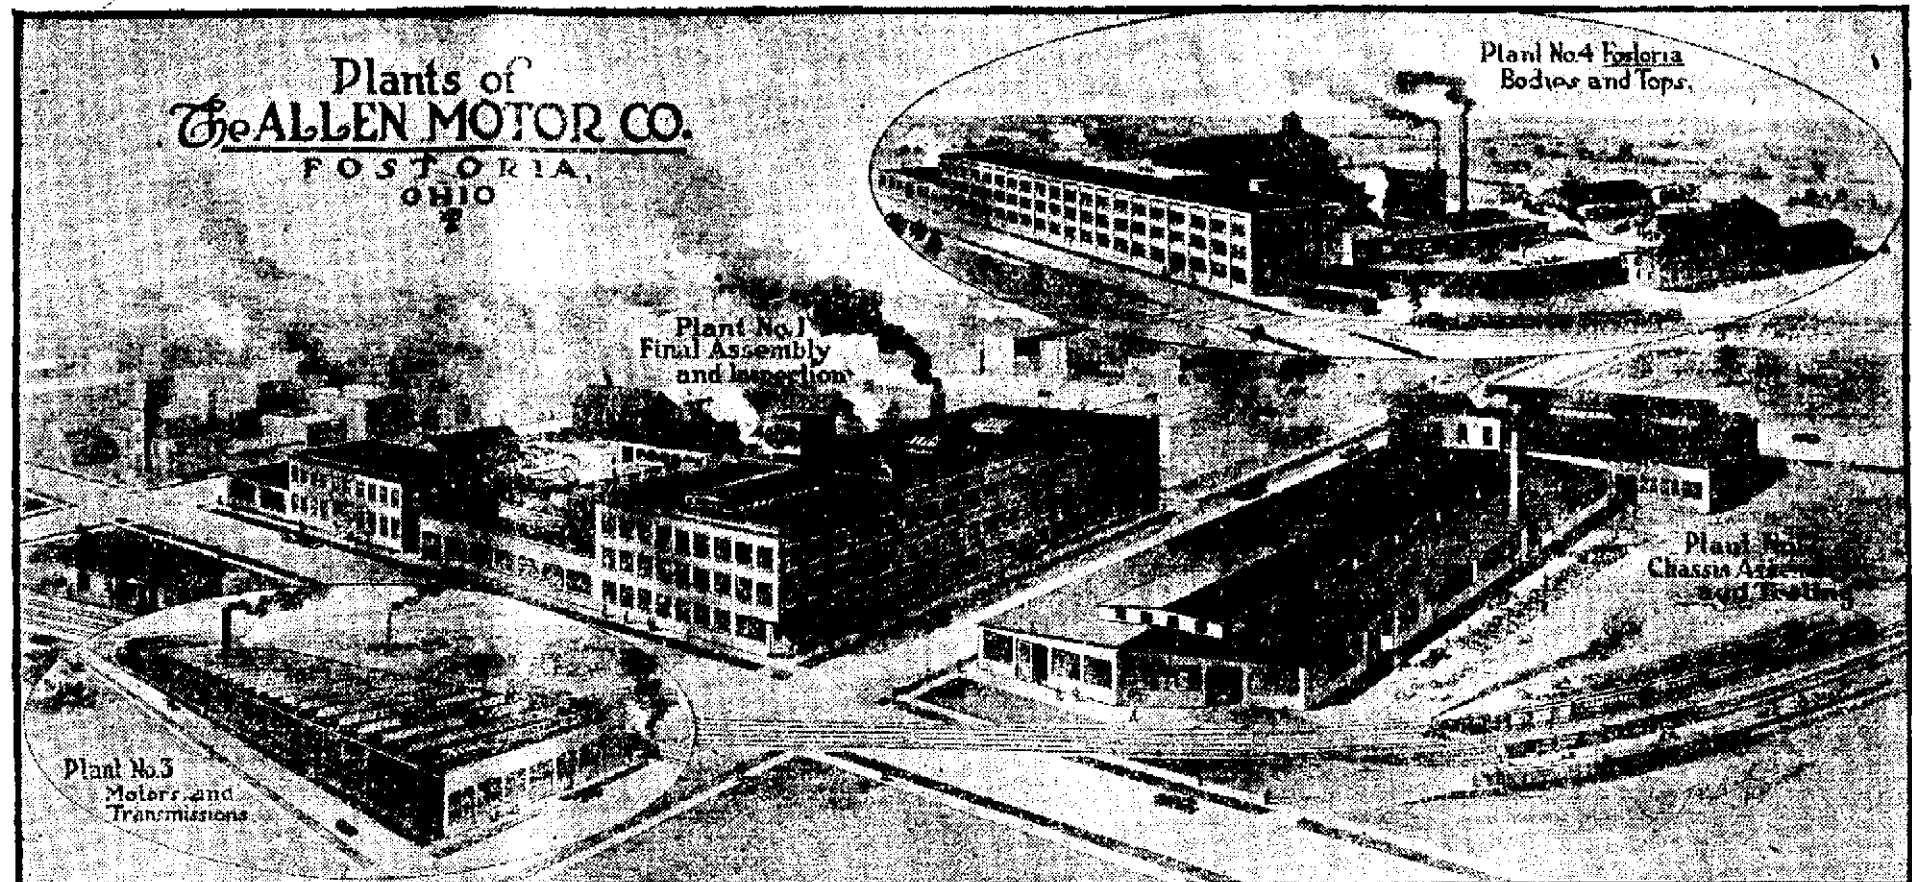

### MUST RETURN FUNDS.

The state bureau of accounting have held that E. L. Mantonya, of Utica, a member of the board of public affairs, should return to the village treasury \$110 said to have been illegally received as salary while acting as clerk of the board during four years ending January 1. J. A. Cren, another board member was asked to return \$180 received for labor and repairs made on waterworks equipment.

## MEANS MOTOR CAR SATISFACTION

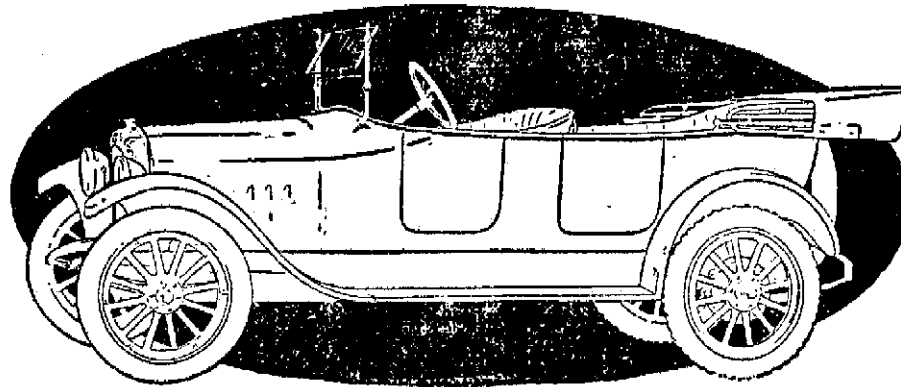

A most vital point in the choosing of your motor car is the organization and factory behind it.

Not only do you depend on them for the car itself, but service and satisfaction in years to come.

You choose your car by comparison, point for point, and the wise buyer considers the service which he must have available a year from now—five years from now.

The makers of Allen Motor Cars have been continuously in business for over 25 years. Permanently established and financially sound. They are building these cars with the idea of Consumer Satisfaction ever before them. And the organization is a permanent one that will furnish efficient service during the life of the car you buy.

## DESPERADO

IN COLUMBUS STABS POLICEMAN AS HANDCUFFS WERE REMOVED.

Previously Had Terrorized Ohio National Bank President and a Number of Depositors.

(ASSOCIATED PRESS TELEGRAM)

Columbus, O., May 6.—After causing a panic in the Ohio National Bank by flourishing a revolver and pointing it at Policeman Charles W. Smith, over the head of Emil Klesewetter, president of the bank, Geo. Airey, aged 58, today stabbed Policeman Smith when taken to police headquarters and later was shot by the policeman when he attempted to escape.

Airey's escapade was one of the most sensational staged in downtown Columbus in months. Airey, who is of part Spanish blood, went to the bank this morning and demanded that President Klesewetter secure a \$800 certificate of deposit which Airey has up in Charleston, W. Va., as bond for his appearance on a charge of stabbing.

President Klesewetter had been annoyed by the man several times and called the police. When Officer Smith arrived, Airey pulled a revolver and aimed at him, but was prevented from firing when a depositor pinned down his arms. Other depositors sought the cover of desks, fearing a revolver battle.

At the police station, Airey stabbed Officer Smith as hand cuffs were being taken off him. He then attempted to escape, but was shot as he was running from the building.

Airey was taken to a hospital, where he is suffering from a bullet wound in the right kidney. Officer Smith received gashes on his arms and back but is not in a serious condition.

In a recent examination taken by a few members of the class, the following grades were given: 100, 90, 97 and 95. This is evidence that the class is actually studying. The Y. W. C. A. and Y. W. C. A. Tennis courts are in use now. Memberships for members \$1.00. Membership tickets may be secured at both offices. Join the club now that you may get full value of club membership. Have you any tennis rackets up in your attic collecting dust? Please, if you have, won't you let the Y. W. C. A. girls have them—some of us have none collecting dust—nor honors. Just call 1639 and we will do the rest. It was our pleasure to be able to provide rest and dressing rooms for the young women from Columbus, that gave the fine musical program at First Presbyterian church Thursday night. Surely the efforts of the Christian Endeavor Society of this church, to serve their community in such an admirable way should be appreciated by all. The Y. W. C. A. is happy to be of service to them all at all times. The Folk Dancing class on Tuesday night was a great success. A dozen young women, joyously danced the old English, Swedish and German Folk Dances that are so surely becoming popular once more. There is room for a few more. Better join soon to get in. We are to have another distinguished guest next week. Miss Hazel Verry, who goes to Japan this fall as secretary, will be here either Monday or Tuesday. We will let you know later, and we hope that all of our members and particularly those who help to support Miss Verry will come and meet her. The Dayton, Ohio, Industrial clubs have the following business code: 1. Give a full day's service. 2. Wear a neat business dress. 3. Use clean language. 4. Chew no gum in public places. 5. Mrs. Henry likes to remind us that she came to stay two weeks and is still here. And we appreciate her faithful service. Miss Mary Hagan, one time a member of our Y. W. family, now in Columbus, has been a welcome guest this week. Miss Lucille Brooks, another member, is spending the week at home near St. Louisville, entertaining the meales. She has our sympathy. Committee meetings next week—and board meeting. Don't forget. In the schools of Australia boxing has been introduced as regular exercise for schoolboys.

## Every Woman Should Use Every Week Shampoo

**To Preserve Her Hair**  
If women would use an Anti-Septic Oil Shampoo instead of the soaps and shampoos now so commonly used, they would improve rather than injure the delicate hair plants. The hair plant is an oil plant and to wash it with soaps or shampoos containing free alkali works great injury. It not only cuts the natural oil of the hair but it destroys the fatty roots of the hair plant causing the hair to come out. EVERY WEEK ANTI-SEPTIC OIL SHAMPOO cleanses and purifies the scalp dissolves and removes dandruff, opens the clogged hair-cells and leaves the scalp soft and healthy. It leaves the hair soft, lustrous, fluffy and easy to handle. Excellent for men and children also. A large bottle holding 64 teaspoons 50c at R. W. Smith's and Leading Stores Every Where.

## Y. M. C. A. Notes

Tennis courts are now in good order except when it rains too much. The membership fee is \$1.00 for the season to those who hold any kind of a membership; \$2.00 gives social membership and use of courts for season. Last year there were 60 men and women in the membership. A daily paper received from Ken-ton Ohio, tells of the work of member Don Simpkins in the high school there. His special work at present seems to be in the promotion of a sweat the fly campaign. This paper says also that Don has been re-elected to teach in the high school. Walter Simpson of Philadelphia who was in the city to attend the funeral of a near relative spent two nights in the building. Walter always stops at the "Y" when in the city. J. H. Kester of Harrisburg, Pa., made the Association a short call on Monday evening in the interest of the financial campaign to be conducted here in June. He went from here to Rochester, N. Y., to assist with a campaign there. Member Clifford Grimm spent Thursday afternoon in Columbus and incidentally visited the Association there and made some observations regarding the organization of a swimming club here. This Association joins in good wishes for the success of the Columbus Association which through the efforts of its friends and the board of managers is promoting a campaign for the raising of \$500,000 for a new building. This campaign is planned for this fall. Those wishing to get good exercise to keep them in trim through the spring and summer would do well to inquire regarding the business men's gymnasium classes. They met on Monday, Wednesday and Friday at 5:15 o'clock. The International convention of the Y. M. C. A. meets next week in Cleveland. If any of the members are going there or wish to go as delegates they should get information at the office. The Association was glad to assist the Y. W. C. A. by furnishing the gymnasium for their annual demonstration last week. The exhibition was worthy of commendation. The fine discipline and carefully planned program did honor to those who had it in charge. The annual report of the work of the Association for the past year has just been prepared for the international and state committees. The figures show much work done but not much progress over last year. We hope we have not reached the limit of our ability. There were 28 present in the cadet class last Saturday. They are organized in teams for baseball and other outdoor sports. They will plan for many hike and outdoor occasions. This is a good time to learn to swim. Get ready for the deep water. Argentina has cold winter weather but little snow.

## SPARTAN ART WOOD STAINS

"The Stains Made With Brains"

The practical painter's one best bet.

For producing any standard finish, Golden Oak, Mahogany, etc., or any of the popular flat or mission effects, old English, Flemish or fumed finishes. They work up equally as beautiful under a varnish or rubbed surface, bringing out the grain and heightening the natural beauty of the wood.

These stains are scientifically prepared from carefully worked out and tested formulas.

All persons interested in building should see that these superior stains are specified.

Made by the makers of Spartan Art Wall Finish, Spartanite, the "always white" enamel, Aurora Mixed Paint and Spartana.

## Rheumatic Pain Stopped.

The drawing of muscles, the soreness, stiffness and agonizing pain of Rheumatism quickly yield to Sloan's Liniment. It stimulates circulation to the painful part. Just apply as directed to the sore spots. In a short time the pain gives way to a tingling sensation of comfort and warmth. Here's proof—"I have had wonderful relief since I used your Liniment on my knee. To think one application gave me relief. Sorry I haven't space to tell you the history. Thanking you for what your remedy has done for me."—James S. Ferguson, Philada., Pa. Sloan's Liniment kills pain. 25c at Druggists. will soon have entirely recovered  
from his illness.

**Testing.**  
IN COURT "PICTURE PUZZLE  
PLAN," USED IN SELLING  
PIANOS.

Four Men Indicted for Using the  
Mails to Defraud, Fighting Case  
Against Them.

**Associated Press Telegram.**  
Cincinnati, May 6.—The fight to  
establish the right of piano dealers  
in various parts of the country to  
sell their goods by the use of the so-  
called "picture puzzle" plan was  
brought to the United States district  
court. Attorney Roy D. Keelan of  
Chicago representing Charles L. Silk,  
George L. Ames, Stephen H. and  
Frank Meyers, all of Chicago and  
all indicted by the last federal grand  
jury on the charge of using the  
mails to defraud appeared before  
Judge Hollister for the purpose of  
submitting arguments upon a demur-  
rer to the indictment. District At-  
torney Stuart Bollin and H. J. Don-  
nelly of Washington, D. C., solicitor  
in behalf of the government, ap-  
peared in support of the indictment.

Attorney Keelan told the court  
that the indictment is faulty and not  
based upon the interpretations made  
in past decisions on the postal laws.  
He said that the evidence given be-  
fore the grand jury had not war-  
ranted an indictment on this charge.  
The attorneys for the government  
argued that a fraud had been com-  
mitted when the sale of pianos was  
made upon alleged false representa-  
tions. They said that the "picture  
puzzle" plan furnished the bait for  
the sales. The men were arrested in  
Dayton, Ohio.

**Music.**

Granville. Symphony program at  
2:30. Single tickets \$1.00. Both  
concerts \$1.50. Newark should send  
a large delegation to the Granville  
May Festival.

**ATTENDED PASTORS' INSTITUTE.**  
Lutheran Pastors' Institute, under  
the auspices of Hamma Divinity  
school, Wittenberg College, Spring-  
field, O., May 1-3, and Grand Luth-  
eran rally and banquet at Spring-  
field Memorial hall were attended by  
Revs. G. Bohon Schmitt, Raymond  
A. Houk and H. L. Greenawalt.  
About twelve hundred were present  
at the banquet, among whom were  
Mrs. G. Bohon Schmitt of Newark.  
The music was furnished by the  
Wittenberg Glee club, of which Grey  
Swingle of this city is a member.

The speakers were Rev. R. H.  
Gold, secretary of the Joint com-  
mission of the 1917 Lutheran Celebra-  
tion; Hon. John L. Zimmerman,  
president National Lutheran Broth-  
erhood and Prof. D. H. Bauslin,  
dean of Hamma Divinity School.

# AT CONFERENCE

(Special to The Advocate)  
Utica, O., May 6.—The first annu-  
al Neighborhood Bible conference  
and Washington township Sunday  
school convention will be held May  
9-14 in Utica. Rev. Theodore M.  
Hofmeister is director of the confer-  
ence, E. G. Dove is secretary.  
Charles French, president of the  
Washington township Sunday school  
association and Miss Jessie Shuff is  
the secretary.

Following are the subject of the  
sermon to be given by Dr. J. G. Man-  
tle: May 9, "The Seed and the Soil";  
May 10, "The Religion of Comprom-  
ise"; May 11, "Why Prayer Is  
Unanswered"; the Prayer that always

Prevails, Resting, Grieving, Quench-  
ing." May 11, "The Prayer Life of  
Daniel; The Spirit Helping our In-  
firmities; He Shall be With You, By  
You, In You, Upon You." May 12,  
"The Faith That Laughs at impos-  
sibilities; What is Sanctification; A  
Peep into Paul's Masterpiece." May  
13, "The Saturday Night of the  
World's History." To those interest-  
ed in the prophecies and the world  
war this message will be vital. Sun-  
day, May 14, "Salt that has Lost Its  
Savor; When It was Marred He  
Made It Again."

On Sunday evening Hon. John F.  
Gramer of Mansfield will speak on  
"Not More Ways, but More Will,"  
and Dr. Mantle will give his con-  
cluding sermon "Gaining the World  
and Losing the Soul."

**FRENCH PAPER**  
Calls Germany's Answer to United  
States "Blackmail."

(Associated Press Telegram)  
Paris, May 6.—The French press  
subjects the German note to the  
United States to severe analysis  
drawing varying conclusions from  
it. Some newspapers consider that  
Germany has yielded, although with  
bad grace. Others believe the docu-  
ment is a tortuous refusal.

The Petit Journal says Germany  
certainly make a concession on the  
point in regard to sinking vessels  
without warning but in the next  
breath seeks to make capital out of  
that concession by asking the United  
States to enforce respect for liberty  
of the seas. This means, in sub-  
stance, the newspaper says, the sup-  
pression or at least attenuation of  
the blockade from which the Ger-  
man people are suffering more and  
more.

The Petit Parisien says the note  
contains little that is new. It offers  
concessions, but this is not the first  
time Germany has spoken of having  
issued human instructions to sub-  
marine commanders.

The Matin heads its comment  
"Blackmail." It says:

"To judge properly the impudence  
of the reply it must be remembered  
President Wilson declared in con-  
gress that he was in the position of  
"spokesman of neutrals and of civil-  
ized humanity." He has never in  
any degree admitted there could ex-  
ist connection between lawful re-  
strictions on enemy commerce and  
assassination of nonoffensive passen-  
gers."

The Journal says the concession  
made by Germany is hedged in with  
reservations and conditions, which,  
in Germany's calculations constitute  
ground for further conversations,  
even if rejected. It asks whether  
President Wilson will not be obliged  
to send another note to reject these  
conditions. This would mean so  
much more time gained, without  
speaking of the echo, which the cur-  
ious pacific allusions, protestations  
of friendliness and solicitations in  
regard to impartiality might find in  
America.

Germany gives up nothing, the Pa-  
riso says, and even carries her ar-  
rogance so far as to formulate her  
refusal in language which certainly  
will not fail to be appreciated at  
Washington.

The statistician has never been  
born who was able to dope out all  
the various ways of separating a fool  
and his money.

## Celebrated Golden Wedding Anniversary

MR. AND MRS. JOHN LONG OF THORNVILLE.

Sixty relatives gathered at the home of Mr. and Mrs. E. E. Long of Thornville on Wednesday, May 3, in observance of their golden wedding anniversary. Mr. and Mrs. John Long were married in the Lutheran parsonage at Thornville, May 3, 1866, the Rev. Jonathan Weber, officiating.

Mr. and Mrs. Jonathan Bope, who were present as best man and bridesmaid at the original wedding fifty years ago, were also present as honored guests at the anniversary celebration on Wednesday.

Among the happy guests present were Mr. and Mrs. Long's three sons and three daughters, eleven grandchildren and one great-grandchild. Mr. and Mrs. W. M. Helser of Alexandria, Ohio, Mr. and Mrs. Luther Long of Newark, Mr. and Mrs. Noah Long, Mr. and Mrs. Herbert Long, and the Misses Maude and Margaret Long of Thornville.

Among those closely related to the venerable couple there were present Mrs. Dianna Foster, Mrs. Sarah Edmond, Mr. and Mrs. William Foster, Mr. and Mrs. W. A. Lynn, Mr. and Mrs. James Long of Hebron and Mr. and Mrs. Clemence Boyer. The out of town guests were Mr. and Mrs. W. H. Helser, Mr. and Mrs. Arthur Helser, Mr. and Mrs. Roy Proctor, Mr. and Mrs. T. A. Fisher, of Alexandria, Ohio, Mr. and Mrs. Luther Long and three children of Newark, Mrs. Rose Maser and daughter, Mrs. J. J. Long of Lancaster, Mr. and Mrs. James Long and son of Hebron, Mr. and Mrs. Robert Baxton and son of Johnston.

At the noon hour an elegant dinner in harmony with the occasion, was served. Among the many delicious things to eat was a large gold-

on wedding cake measuring 18 by 30 inches. This cake was very artistically designed and decorated in gold and white, mounted by Cupid with bow and arrow, two doves and two hearts.

The decorations throughout were very beautiful, all in gold and white. The bride and groom, at fifty years ago as also their attendants, each wore a lovely yellow rose.

After the wedding dinner the entire assembly took part in a praise and thanksgiving service. Rev. C. E. Krumm, pastor of the Grace Lutheran church, read a scripture lesson and offered prayer, and in a brief address heartily congratulated the happy couple on their having reached the 50th milestone of their married life, and expressed the sincere wish of all that God would grant them His richest blessing that as husband and wife they might live together for many more years to come in the enjoyment of a quiet and peaceful evening of life.

Receptions were given by Muriel and Ha Long. Muriel and Ha Long sang two pretty songs, and all joined in singing, "Blessed be the Tie That Binds" and "God Be With You Till We Meet Again."

Mr. and Mrs. Long were the recipients of many pretty presents in remembrance of the happy occasion—one being a purse of \$15 in gold. Mr. and Mrs. Long were born and raised in Perry county and have spent their lives in the community. Both enjoy life today as much as they did in their courtship days, and their golden wedding anniversary celebrated Wednesday was a most pleasant and happy event that will linger in their memories to the end of their earthly pilgrimage.

## YOUNG WOMAN'S DEATH AVERTED; AUTO ON TRACK

The presence of ruin of Homer Johnson, who was demonstrating a new machine to Miss Nellie McNeely of North Fourth street, saved her from serious injury and probable death, when a truck car struck the machine Friday afternoon.

Mr. Johnson, who lives in Williams street, is an employee of the Hess garage and was demonstrating a new Dodge car to Miss McNeely, who teaches in the Partzler building in South Fifth street.

They were at the Union bridge, west of town, and pulled upon the tracks ahead of the limited interurban car which left the city at 5 o'clock. Miss McNeely was driving and the engine seemed to die. The car by this time was only a few feet from them, and Mr. Johnson sensing the danger jumped out and dragged Miss McNeely from the machine just as the car struck it. It was demolished and in jumping Johnson failed to clear them of the wreckage and Miss McNeely was struck across the face by the flying debris, receiving a half cut across the nose and under the eye. This was the only injury received.

The spectators on the road and on the car were horrified, for death seemed certain. It was impossible to stop the limited for the machine was out a few feet ahead of it when it died on the tracks. Quick action on the part of the demon-trator was the only thing that averted a horrible catastrophe.

## Theatres

### At The Lyric

What is considered to be the best act of our kind that has ever appeared in Newark is now playing at the Lyric theatre. It is never was such a thing as a riot, it was Harry Moller, who had the audience at his feet throughout his entire performance last night. The act, which is indeed wonderful, is very different from anything ever seen here. His singing is beautiful, while his acrobatic acts are very clever. The upside-down singing and dancing added considerably in registering a pronounced hit for Mr. Moller. His performance will be repeated to night, and right here we wish to say that Mr. Moller has been contracted for Sunday at which time he will entertain the large patrons with beautifully illustrated songs.

### Alhambra, Sunday.

Nearly every one of us has taken a step during our lifetime that we wish we could recall. In the vast majority of cases the step has exerted no great influence on our mode of living. However there are steps which alter our entire existence. Such steps were taken by the four conflicting characters in one of the most remarkable photoplays

over-screened the Mutual Masterpiece De Luxe Edition, "Lies and Alibis," a drama in five acts, which will appear at the Alhambra theatre on Sunday.

### "A Reel in Full."

On Monday evening, May 8, the comedy drama, "A Reel in Full," will be presented at the High School Auditorium under the auspices of the two Pythian lodges of this city. The play was presented recently and so well the requests came from all sides for another presentation of it, and a second participating kindly consented to appear again. It is full of that comedy which makes for a clean play, while the pathos contained and which appeals to the better side of humanity makes it an entertainment worthy of patronage and which all should attend. Those taking part in it are among the most talented people of the city and have many friends who will be glad to embrace the opportunity to see them again in drama. The cast is as follows:

Marian Gray, Anna Schnaidt, Amy Douglas, Florence Myers, Matilda Marce, Zilphia Loughman, Richard Marce, Joseph Shea, Albert Gaskell, Carl Myers, Col. Robert Dowd, W. C. Lore, Bud Fisher, Shan Loughman, Hiram Marce, G. C. Davis.

### Mazda, Sunday.

A fine high class Equitable film will be shown Sunday at the Mazda, "The Master of the House." A man is haled to death for years by association with his old fashioned wife and leaves with his social secretary. Her relatives prove parasites and live upon his bounty, he tires of conditions and returns to his former wife.

Moose Carnival Opens May 15. The frolic that breathes the spring and makes a season of levity, mirth and merriment and that is just what is in store for the amusement lovers of Newark for the week commencing Monday, May 15, and it is going to be one of the best and best weeks of fun and amusement that the old town has known in a long time.

Hampson's Great Empire Shows have been secured to show under the auspices of the Loyal Order of Moose, and right here it is most emphatically stated that this is one of the largest, best and most complete carnival shows in existence and is absolutely clean in every way, manner, shape and form. All objectionable shows have been eliminated from the make up of the Great Empire shows and every show presented caters to ladies and children and will have the strictest censorship.

Some twenty shows and attractions are contained in the "line up" and every show is of an entertaining value differing greatly from the usual run of shows of this kind, for it is the motto of the management to be different and to entertain.

The Great Empire shows travel in their own train of 25 cars and 300 casts of the shows number over 300 people so it is very evident that this will be one of the biggest organizations of this kind ever seen in Newark and that the Moose are very fortunate indeed in securing this big organization for their annual week of fun and merriment.
